ANEESH RAO S V

Bengaluru, Karnataka | +91 78997 35037 | aneeshrao0207@gmail.com | github.com/aneeshrao0207 | LinkedIn

PROFESSIONAL SUMMARY

Results-driven Computer Science (AI/ML) student and Frontend Developer with hands-on expertise in building responsive, user-centric web applications and dashboards using React.js, JavaScript (ES6+), HTML5, and CSS3. Skilled in n UI/UX design (Figma) and rapid prototyping, demonstrated by multiple hackathon victories including a national 1st place. Adept at cross-functional collaboration and delivering high-quality code under tight deadlines. Seeking a Frontend Developer Internship to leverage technical and design skills in shipping real-world products.

EDUCATION

B.Tech in Computer Science [AI/ML] **2023 – 2027**
Garden City University, *Bengaluru, Karnataka* *CGPA: 8.72*

Pre University [PCMB] **2021 – 2023**
CHRIST PU College, *Malur, Karnataka* *Percentage: 66 %*

TECHNICAL SKILLS

Frontend Development: HTML5, CSS3, JavaScript (ES6+), React.js (Basic), Responsive Web Design
UI/UX Design: Figma, Wireframing, Prototyping, Design Systems, User Research
Tools & Version Control: Git, GitHub, Visual Studio Code, Canva
Modern Workflows: Prompt Crafting, AI-Assisted Development, Vibe Coding, Rapid Prototyping

EXPERIENCE

Summer Internship **Jun 2026 – Jul 2026**
National Institute of Technology Warangal (NITW) *& Hitachi Energy*

- Collaborated in an interdisciplinary team to conceptualize and develop **CampusEye**, an AI-powered Smart Campus solution integrating IoT, AI/ML, and responsive frontend dashboards.
- Spearheaded UI/UX design and frontend implementation, optimizing user workflows and real-time data visualization.
- Coordinated project planning, task allocation, and successfully pitched the final product, securing 3rd Prize among 25+ teams.

PROJECTS

VanRakshak – Smart Forest Monitoring Dashboard [Project Repo Link]
HackMela 2K26

- Developed a real-time command-center interface using HTML5, CSS3, and JavaScript to visualize sensor data and monitor forest zones.
- Implemented automated alert generation workflows, multi-zone threat monitoring, and an interactive SMS dispatch log system.
- Awarded 1st Place (₹20,000 prize) and 4th Place in Project Expo for building a highly scalable and interactive prototype.

CampusEye – AI-Powered Smart Campus Monitoring System [Project Repo Link]
Jun 2026

- Designed and built the user interface for a smart campus dashboard tracking real-time IoT and AI data streams.
- Ensured cross-browser compatibility and seamless responsiveness across desktop and mobile devices.
- Achieved 3rd Prize out of 25+ projects during the NITW Summer Internship evaluation.

ACHIEVEMENTS

- **1st Place (Winner):** HACKMELA 2K26, National Centralized Hackathon (₹20,000 cash prize).
- **1st Place (Winner):** EPICS 2K26 Project Expo (₹5,000 cash prize).
- **2nd Prize:** AI-Generated Video Competition (demonstrating advanced AI tooling capability).
- **3rd Prize:** NIT Warangal Summer Internship Programme 2026 (out of 25+ teams).
- **Best NSS Volunteer & Best Report Writing:** Awarded among 200+ students for outstanding community service.

LEADERSHIP & ACTIVITIES

- **NCC Senior Cadet (Army Wing):** Earned NCC 'A', 'B', and 'C' Certificates; completed 15+ rigorous training camps.
- **Team Lead:** Directed project roadmaps, task distribution, and final presentations during the NIT Warangal internship.
- **NSS Volunteer Lead:** Organized and executed high-impact community service and awareness initiatives.
- **Event Organizer:** Planned and managed multiple university-level technical and cultural events.
